Professional Experience

ICICI Prudential Life Insurance Co. Ltd.

Senior Financial Services Manager – Partner Distribution (Level 2)

Current

Mumbai, Maharashtra

- Manage and strengthen relationships with assigned partner bank branches to drive life insurance business, improve insurance penetration, and achieve business growth objectives.
- Provide financial protection solutions by understanding customers' financial goals, family protection requirements, investment objectives, and risk profile.
- Conduct product training sessions for branch managers, relationship managers, and banking staff on life insurance products, premium structures, riders, policy benefits, and regulatory updates.
- Review customer profiles, financial eligibility, medical requirements, and documentation to facilitate underwriting decisions while ensuring adherence to company guidelines and regulatory compliance.
- Coordinate with underwriting and operations teams to resolve documentation queries, expedite policy issuance, and deliver an enhanced customer experience.
- Support partner branches in identifying new business opportunities, improving customer engagement, and maximizing insurance business through consultative selling.

- Provide end-to-end sales and service support throughout the customer lifecycle, including proposal submission, policy issuance, underwriting follow-up, and post-sales servicing.
- Collaborate with internal stakeholders and banking partners to improve operational efficiency, strengthen business relationships, and maintain high service quality standards.

Fortune 5 Risk Management Solutions LLP
Assistant Manager – Motor Insurance Department

Feb 2024 – Jul 2025
Mumbai, Maharashtra

- Managed end-to-end motor insurance operations including quotation preparation, underwriting coordination, policy issuance, renewals, endorsements, and customer servicing.
- Evaluated customer risk profiles and generated competitive quotations across multiple insurance companies while ensuring pricing accuracy and optimal policy coverage.
- Performed manual rating calculations for complex motor insurance cases by analysing customer requirements, vehicle specifications, and underwriting guidelines.
- Collaborated with insurance companies, underwriters, and channel partners to resolve underwriting queries and ensure timely policy issuance.
- Led day-to-day operational activities while coordinating with internal teams to improve workflow efficiency and service delivery.
- Prepared and analysed MIS reports to monitor operational performance, pending cases, policy issuance status, and business productivity.
- Built strong relationships with clients, insurance partners, and intermediaries by providing prompt support throughout the quotation and policy lifecycle.
- Contributed to revenue generation initiatives through efficient case management, timely customer servicing, and improved operational turnaround time.

First Advisors Brokers Pvt. Ltd. (IRDAI Registered)
Operations & Portal Executive

Dec 2023 – Jan 2024
Mumbai, Maharashtra

- Managed end-to-end customer engagement from quotation generation through policy issuance while ensuring high-quality customer service.
- Generated customized insurance quotations across multiple insurer portals by analysing customer requirements, risk profiles, claim history, and coverage expectations.
- Coordinated with insurance companies, agents, POSP partners, and underwriting teams to ensure seamless policy processing and issue resolution.
- Maintained business records, customer information, and operational data using SAIBA Online insurance management software.
- Prepared daily MIS reports and operational dashboards for management review and business performance tracking.
- Conducted onboarding and product training sessions for new team members covering insurance products, software platforms, and operational workflows.
- Supported marketing initiatives by creating digital promotional content using Canva and managing the company's social media presence.

- Promoted general insurance products by understanding customer requirements and recommending suitable insurance solutions through consultative selling.
- Generated new business opportunities through customer interactions, relationship building, and policy renewal initiatives.
- Conducted customer meetings to explain policy benefits, coverage options, premium structures, and value-added features, improving customer confidence during policy purchase.
- Performed vehicle inspections and coordinated documentation for motor insurance proposals and claim-related requirements across Mumbai.
- Maintained strong customer relationships by providing prompt after-sales support and policy servicing, contributing to customer retention and business continuity.

- Supported personal loan operations by analysing customer applications, processing documentation, and coordinating case approvals.
- Generated qualified customer leads and contributed to achieving a personal loan disbursement milestone of 25 lakh during the tenure.
- Maintained customer records and ensured documentation accuracy while supporting smooth loan processing operations.
